Gross production of industry within the Ukrainian republic increased 19 percent in the first-quarter 1952 over the first-quarter 1951, including 16 percent for republic and local industry.

In the first quarter 1952, sovkhozes, kolkhozes, and MTS of the Ukrainian SSR carried out more work in preparing the seed and repairing tractors and other agricultural machinery, and were technically better equipped for spring sowing than in the first quarter 1951.

Spring field work is under way in all rayons of the republic. Spring sowing began in kolkhozes and sovkhozes, and supplementary fertilization of winter crops and spring harrowing are being carried out.

Kolkhozes and sovkhozes of the Ukrainian SSR achieved a further increase in the number of collectivized livestock. As of 1 April 1952, the number of livestock in kolkhozes as compared with 1 April 1951 increased as follows: cattle, 18 percent, including cows, 33 percent; pigs, 17 percent; sheep and goats, 34 percent; and horses, 8 percent.

Sales of the following products by state and cooperative trade organizations increased considerably in the first quarter 1952 over the first quarter 1951: fish, herring and canned fish, sugar, butter and other fats, eggs, milk and dairy products, cheese, silk fabrics, knitwear products, hosiery, footwear, and other goods.

The first-quarter 1952 plan for retail commodity turnover was exceeded.

Sales of agricultural products in kolkhoz markets increased considerably, especially of butter, poultry, eggs and milk, flour, groats, potatoes, and fruits.
